

Central Beaverton minutes to be approved at December 6<sup>th</sup>, 2010 meeting

**Central Beaverton NAC Meeting minutes for November 1, 2010**

**ITEM DISCUSSED: Beaverton Police Department**

**Discussion points: Officer Mike Smith/activity for the month**

National Recycling Day is November 13<sup>th</sup>, 2010 from 9am/2pm; located at: 3608 SW 209<sup>th</sup> Ave.

It is also National Violence Month; there are many outstanding arrest warrants for domestic violence issues. Many offenders leave the state (which makes apprehension very difficult), and many do not know they have an outstanding warrant.

In the past month there has been an upswing in alcohol related issues with regard to domestic violence cases.

Suspects with homicide warrants are kept in jail.

Car Seat Clinic is December 4<sup>th</sup>, 2010; the hours are 9am – 12:30pm behind police station on Griffith Drive.

If you are going on vacation for a minimum of 7 days and a max of 21 days, you can fill out a Vacation Check Form, which can be obtained at the Beaverton City website. You can fill it out online, or print and hand in. Police ask that you give them at least 72 hours notice prior to your leaving. While you are away, a police officer(s) will check your house daily to make sure that nothing has been disturbed. This service is free of charge to residents of Beaverton.

**NEW KIND OF ID THEFT.....Photocopiers!!**

Photocopiers are digitally based machines, so the copier keeps a record of everything ever copied and it stores in the internal hard drive. 6 months ago CBS evening news did a story of a man who went on Craigslist and purchased 3 business copiers. The gentlemen purchasing the copiers had no idea where they came from until he received them; once he got into the internal hard drive, he was horrified to find that one copier was from the Domestic Violence Bureau in Buffalo NY, with the names, numbers and whereabouts of people who are in hiding, etc. The second copier was from a New York Construction Company; they had many blueprints for work to be done at Ground Zero. The third copier was from Infiniti Health Care, with patient's personal information, prescriptions, and one patient's cancer diagnosis. This gentleman has made it his mission to destroy the hard drive on copiers. So when you go to Kinko's, or use your copier at work, be cautious about what you copy, because it will be stored in the memory of the copier. There are programs which you can purchase to erase the hard drive, but they are expensive. Officer Smith reported a shooting, in which no one was hurt. It was at 141<sup>st</sup>/Allen, during the day. There just happened to be an officer and a Supervisor just around the corner at the time of the shooting. The resident was being robbed of his medical marijuana. After the shooting the suspects jumped in their car and sped off. Police chased for 6 to 8 blocks before the suspects stopped and gave themselves up and were arrested. No medicine was taken from the victim. This

is becoming a HUGE problem these days. People try to find out who is a legal medical marijuana carrier in order to rob them of their medication. If you are a patient, it is best to keep that information to yourself and family.

**ITEM DISCUSSED: Lee Leighton**

**Discussion points: Beaverton Toyota remodel**

The Murray/TV HWY Sale/Service Center off 142<sup>nd</sup> Ave was approved by the City to build in the area where BedMart is located.

They are working on traffic issues and a couple of ways to try to resolve traffic concerns. They have a Traffic Analyst working on that right now.

**ITEM DISCUSSED: CERT**

**Discussion points: David Bennett& Jon Kloetzli/CERT program**

CERT stands for Community Early Response Team

This is disaster training. Mr. Bennett was able to avert an accident by taking this class.

The program, offered for free by The City of Beaverton, will show you how to use safety equipment and teach you what to do in case of ice storms, wind storms, earthquake, fire, car accidents, or trees falling on houses or cars. Additional training is available twice a year. The second class is in March, 2011. No physical requirements, no one under the age of 16).

The class is twenty-four hours, broken down into seven sessions, on Wednesdays from 6pm to 9pm. Certification Ceremony will be held on the Saturday after last class.

They have room for 35-50 people per class (lots of room).

Please go to: [www.beavertonoregon.gov/cert](http://www.beavertonoregon.gov/cert) for more information. If you have any questions, please contact Ted Morris at email address above.

Are you prepared in case of an emergency? Do you have phone numbers, meeting places? Food, water, pet supplies for at least 3 days? Well, you can go to [www.ready.gov](http://www.ready.gov) and print a Family Emergency Plan and Preparedness Calendar with a check list of Family Disaster Supplies and Preparedness Activities. This is very informative, and will tell you even the little things that you do not think of until it is too late.

**ITEM DISCUSSED: MELISSA RILEY**

**Discussion points: BCCI Report**

Police Department Court needs a space.

There is a study session with City Council Tuesday November 16<sup>th</sup> to discuss THPRD and jointly owned parks. You may attend, but you *cannot* participate.

Urban Renewal Boundaries; potential benefits of moving into the residential areas.
